The arrest of Huerta and his partner, Orozco, at El Paso should do something by the way of restoring faith to the faithless that the United States government is keeping a keen eye on the Mexican situation. There was a protest when Huerta was allowed to land, but it was evident to the thoughtful that Huerta could not be held up when there was no charge of any character against him. That he has been under surveillance since his landing, however, is evident; and that he was arrested may be taken as very good proof that the government had warrantable cause to act. While nobody would want the government to become entangled in the Mexican imbroglio, it is well that we should do our part in bringing about peace in that much-troubled republic.

Ex-Gov. Slaton, of Georgia, is alleged to have said in New York that nobody asked for a pardon for Leo Frank and hence he got none, or words to that effect. As Gov. Slaton had the power to pardon Frank it was not necessary that a request be made. If the ex-governor believed him innocent and failed to pardon him when he had the opportunity, seems to us his conscience would hurt him almost as much as he said it would, had he let the condemned man hang. We give little credence to the alleged New York interview. The ex-governor has preserved his equilibrium through the various times too well to go and "shoot-off" his mouth in that fashion as soon as he gets away from home.

Col. W. P. Walton, of Lexington, returned this week from a trip through Southwestern Kentucky in interest of his race for the democratic nomination for Secretary of State. He is highly pleased with his prospects in that part of Kentucky and was given many pledges of support from parties he was not expecting to be for him. Democrats of Kentucky are rapidly coming to the conclusion that some of the State offices should be given to men who have more the heart and burden of the party for years and remembering the life-time of work and devotion to the cause of Col. Walton, it is not strange that they are pledging him their suffrage in the coming primary.

Judge Lewis L. Walker, of Lancaster, who made an excellent circuit judge, has announced for the republican nomination for lieutenant governor. Judge Walker is a brilliant young man and the acquaintance that the race will gain for him will be of benefit. Of course he never expects to be lieutenant governor, nor does anybody believe that he will. He wants a little success from his lucrative law practice and prefers to play politics during his vacation rather than hike out to the mountains or some other summer resort.

Alabama has returned to State-wide, which went into effect at midnight Wednesday. The transition was accomplished with marked quiet and order. The test few days of the saloon had developed a touch of the bacchanalian, but reports of disorder were few and police circles were remarkably quiet. The saloons were closed under the provisions of the Merritt-Denson bill enacted into law in January and the measures are almost duplicates of those enacted more than four years ago.

The Danville Advocate celebrated its fiftieth birthday on the 29th. While not very large for its age, it is a mighty good paper and we are for its daily visits with much pleasure. Fact is, we've grown so used to the Advocate we could hardly do without it, if it does take an unkind crack at our partner occasionally.

Editor Orr, of the Harrodsburg Leader, admits that he was "warmed-up" by McCleskey's speech at his town, but up to the hour of going to press he had not agreed to support the gentleman, although he is doing some pretty good work for him in his paper.

Hon. J. S. Owsley of this city, will open his campaign with a speech at Harrodsburg Monday. Reports come that he is sure to be the nominee for Commonwealth's Attorney.

PROMINENT MAN PRAISES TANLAC

State Superintendent of Printing Voluntarily Pays Tribute To New Remedy.

Frankfort, Ky., July 2.—A high State official is one of those who have come forward voluntarily to add his voice to the chorus of praise for Tanlac," he said recently. "I had a case of indigestion, and would cough and spit nearly all day."

"As soon as I began taking Tanlac I experienced an improvement. I had little faith at first that any medicine would help me, and so I am the more ready and even eager to say a word about this preparation. As a rule I am conservative and unwilling to give my endorsement to anybody or anything, but this is an exceptional case. The itching in my ears is gone, I sleep soundly, and the accumulation in my nose and throat has disappeared. I want others to know how much good Tanlac has done me."

Tanlac is now being introduced in Stanford at the Penny drug store, -11

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one divided street that shows his own ability to cure in all its stages, and that he cures. His Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Dr. J. C. Cheney's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer the Hundred Dollar reward for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.
